Remo Online Conferencing & Networking Tool

EventsCase Online Conferencing Platform

PROFILE

I am a creative design professional with 19+ years experience. I work mostly with large corporates and government agencies in the realm of large-scale events and conferences, that have mostly moved to online platforms in the last year. I create online conferencing and networking material, marketing collateral and corporate branding, as well as social media and digital messaging. I also design and do layout for reports, prospectuses and any and printed media. I'm passionate about excellence, motivated, goal-driven, loyal, flexible, multi-skilled, fun-loving, enthusiastic and a fast learner.
